## TIPS FOR WRITING TO YOUR CHILD IN INDIA

- 1. 👍 Encourage and uplift.** Your sponsored child needs to hear that he or she is special and valued. You can share your personal thoughts or include scripture that reinforces their importance and value.
- 2. 👤 Share about yourself.** Your sponsored child will love to know more about you, your family, and what your life is like. You can share as much or little as you wish - and you can send pictures, too.
- 3. ❓ Ask questions.** You can ask questions about your sponsored child's school and family situation as well - realizing that some children might be shy.
- 4. 📁 Include special gifts.** Flat paper items like bookmarks, photos, and stickers can be included with your letter - these are the only items we are able to send through customs. Just be sure that you include your sponsored child's name on each item.
- 5. ✍️ Just write.** This is the last tip but definitely the most important. Whatever you decide to share with your sponsored child, please know that your letters truly have an impact in your sponsored child's life. They offer encouragement, hope, and reflect the love of Christ.

Thank you for writing! Your letters will establish a special relationship between you and the child(ren) you sponsor.
